

# TOBACCO CONTROL PROGRAMS

Lebanon Family Health Services is pleased to partner with the American Lung Association in Pennsylvania, the South-eastern Pennsylvania Tobacco Control Project of the Health Promotion Council and the Pennsylvania Department of Health to provide tobacco control programs, cessation services and policy development assistance to worksites in Berks, Lancaster, Lebanon and Schuylkill counties at no cost. Available services include:

## COMPREHENSIVE WORKSITE INITIATIVES

- Tobacco-free policy development
- On-site group cessation classes for employees
- Referral for employees to receive tobacco cessation
- Free Nicotine Replacement Therapy
- Other health related/worksites wellness topics

## YOUNG LUNGS AT PLAY PROGRAM

- Children's Health Initiative to prevent exposure to secondhand smoke in public parks and playgrounds
- Tobacco-free policy for public areas where children play
- Free signage for designated areas

## MULTI-UNIT HOUSING INITIATIVES

- Assist in developing Tobacco-Free Policies
- On-site group cessation classes
- Free Nicotine Replacement Therapy
